PROFESSIONAL SUMMARY

Full Stack Software Engineer experienced in building scalable web applications using modern JavaScript frameworks and backend technologies. Skilled in React, Next.js, Node.js, Express, and PostgreSQL with a strong focus on clean architecture, responsive user interfaces, and reliable backend systems. Experienced across the full product development lifecycle from UI design to deployment, with a passion for performance optimization, maintainable codebases, and delivering user-focused digital products.

SKILLS

Frontend: React.js, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS, Responsive UI Development

Backend: Node.js, Express.js, REST API Design, Authentication & Authorization (JWT), PostgreSQL

Tools & Development: Git, VS Code, Figma, Adobe Photoshop

Workflow & Practices: Agile Development, Component-Based Architecture, Debugging & Performance Optimization, API Integration

PROFESSIONAL EXPERIENCE

Rekrut Consulting — Full Stack Developer | Lagos, Nigeria | May 2023 – Present

- Develop and maintain full-stack web applications using React, Node.js, Express, and PostgreSQL.
- Design RESTful APIs enabling seamless communication between frontend and backend services.
- Build responsive user interfaces using modern React architecture and Tailwind CSS.
- Implement scalable database queries and structures supporting application functionality.
- Collaborate with cross-functional teams to ship new features and improve application performance.

Sidmach Technologies — Frontend Developer | Lagos, Nigeria | Mar 2024 – Sep 2024

- Developed responsive web interfaces using JavaScript, React, and Tailwind CSS.
- Contributed to frontend implementation related to the WAEC website.
- Collaborated with engineers to debug issues and enhance UI performance across devices.

Rekrut Consulting Ltd — Graphic Designer | Lagos, Nigeria | Jan 2022 – Apr 2023

- Designed logos, branding assets, and marketing graphics using Adobe Photoshop.
- Produced UI mockups and visual assets supporting web-based projects.
- Maintained brand consistency across visual assets and digital platforms.

PROJECTS

TaskFlow – Advanced Todo Management Application

Tech: React, Node.js, Express, PostgreSQL, Tailwind CSS

Live: https://kod-taskflow.netlify.app/

- Implemented authentication and protected routes for secure task management.
- Built task categorization, filtering, and productivity-focused UI features.
- Added smooth UI transitions and animations for improved user experience.

Full-Stack E-commerce Platform

Tech: Next.js, Node.js, PostgreSQL, Tailwind CSS

Live: https://kodshopping.netlify.app/

- Developed product browsing, cart management, and checkout workflows.
- Designed REST APIs and database schema for product and order management.
- Optimized performance with reusable components and responsive UI design.

EDUCATION

Covenant University — BSc Management Information Systems | Aug 2025
